# RAY HUNT DESIGN

Ray Hunt Design has more than 50 years of experience in the design of planing hulls and remains one of the most widely recognized and respected names in naval architecture.

Our yacht designs utilize the same innovative hulls that provide safety, ride quality and efficiency demanded by the US Navy, US Coast Guard and professional mariners around the world. With thousands of vessels in operation and an extensive library of data, a Hunt design represents the pinnacle of refinement.

The Hunt hull form has evolved. We have applied the core principles of deep-V technology to projects of all sizes. Subtle refinements have produced gains in efficiency and the smooth ride that our clients expect from a Ray Hunt hull.

Modern performance and innovation are in our DNA. Our yachts offer all the luxury you want, paired to the performance, efficiency and safety you need.

**Grady White** Canyon 306

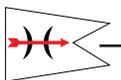

**Cruisers Yachts** 39 Express Coupe

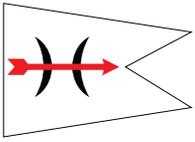

**Camper & Nicholsons** Endeavor 42

# COMPREHENSIVE YACHT DESIGN NAVAL ARCHITECTURE & MARINE ENGINEERING

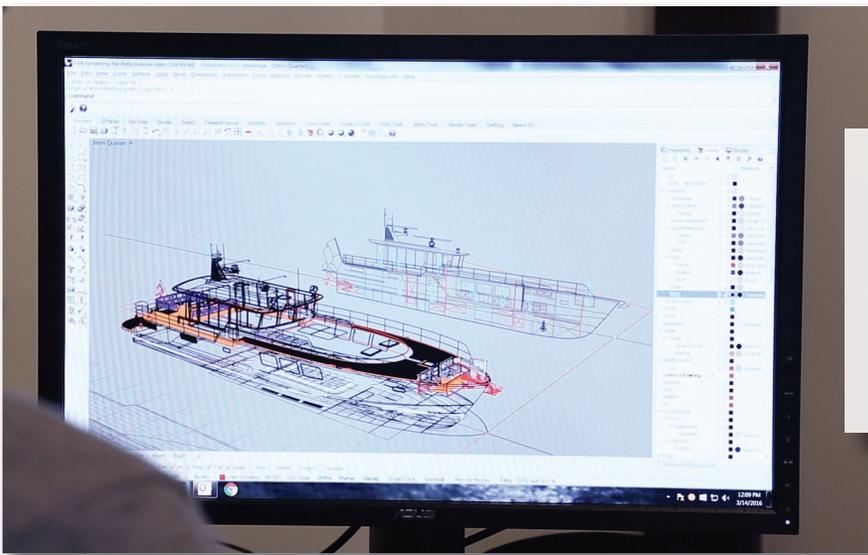

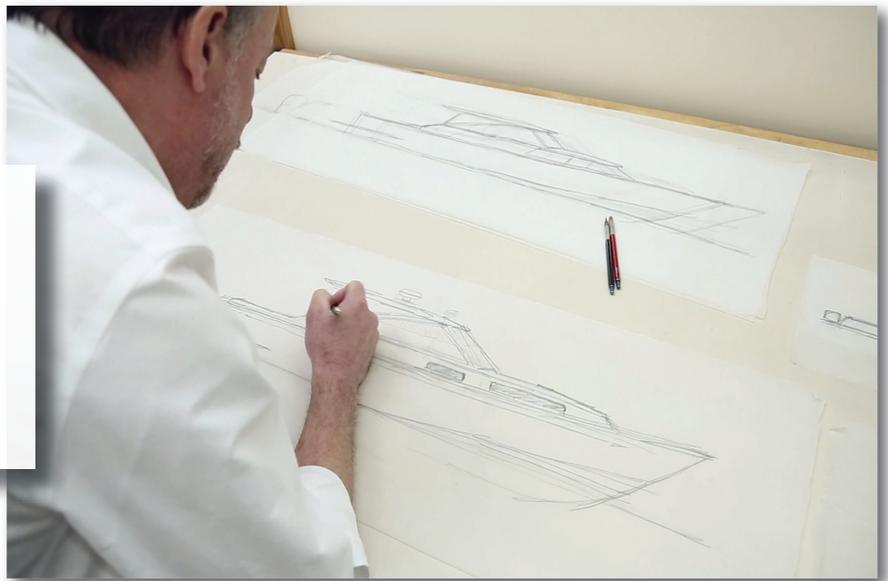

## **SERVICES**

- PRELIMINARY DESIGN
- PRODUCTION DESIGN
- STRUCTURAL ENGINEERING
- PERFORMANCE ANALYSIS
- PROPULSION ENGINEERING
- STABILITY / SEAKEEPING
- CLASSIFICATION / REGULATORY SUPPORT
- SPECIFICATIONS

**Bertram 31**

Our staff of designers and Naval Architects bring clients ideas and concepts to life with traditional sketches and renderings.

Our designers create 3D models of each project. We are able to test and evaluate the vessels critically before they are put into production.

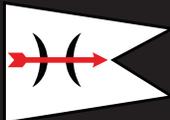

**Southport 292**
